Intro

Glory to God - God alone - Sole' - De'o - Gloria - Here
we go!

Chorus

If you've tasted and seen - then you know what I mean,
He's

Good (carry)

In His nature is love - everything that he does, He's
Good

Even when it gets tough - yes the Lord is enough,
He's

Good

Yes God makes it plain through the Lamb that was
slain, He's

Good

Verse 1:

The world is not subtle, why should we be subliminal?
When it comes to goodness, our God is at the pinnacle
If God is approving it, then it's good - that's the
principle

Humanity is minimal, the Lord is the original
Fountain of benevolence, boundless in measurement
Abounding in blessedness, there's mountains of
evidence

Found in the Testaments, resounding these sentiments
We drown in His benefits, from town to the settlements

His goodness expressed in the natural and physical
From rocks and minerals, to toxic chemicals
Stop being cynical, not trying to be traditional
But God is good, all the time - no intervals

While doubters and pessimists, cloud what He
represents

He smiles on the penitent, endowed us with residence
Now that we may commence, we shout without
hesitance

Crown with excellency, now and forever friends

Chorus

Verse 2:

Understand that God is good apart from anything He's done for me

Yet still His goodness has blessed me abundantly
I'll try to give a summary, beginning with His love for me

In sending Christ to die - yes - the blood of Jesus covers me

Our years, He can make em new

Our fears He's awakened to

He hears when we're praying and He's there when we
our payments due

His Spirit enables you, to fear Him and praise Him
through

The tears we can say is true - He's near when we're
breaking through

Whether we are suffering our living in luxury

His works toward His people are all done lovingly

They're never done stubbornly, or with a hint of
drudgery

Every single sunrise - provides a new discovery

It's clear what He came to do, see us like Isaiah knew
He'd appear as a baby who, was reared as a faithful
Jew

And pierced for our shady crew, appeared in the
painters view

So here's what we're meant to do - revere Him cause
praise is due

Chorus

Verse 3:

Heed this and listen, the keys in the ignition

The goodness of God can be seen in His provision

In each of His decisions, his leaving the inscription

That it's needless and grievous just to keep Him in
derision

It's cool to know that His goodness never changes -
immutable

It's true when we can't explain this - He's inscrutable

And we are not delusional, these facts are indisputable

I know it sounds unusual, I'll show you how it's provable

Adam & Eve had freedom with one restriction

Satan deceived them - from Eden received conviction -

To leave us in the queezy condition with sleazy
addictions

But Jesus' afflictions, free those believing His risen
God's got the seen of the cross, irrefutable
On His gospel truth we will stand - immovable
And glorify God for His goodness, it's suitable
Just cause it's a duty? No, just because He's beautiful

Chorus x 2
