

Shallow Side "Into The Deep"

I know you want it but you can't see
All these problems that are rising
You've walked too far out into the sea
And now you're drowning
Kicking and screaming

And now you want it from me
You think it's just that easy
For me to throw out your lifeline so you can be free

I'm not angry
I'm just saying
It's not right, not for you and for me
I'm just waiting to escape this
Then you drag me back down in the deep

Where you lay your head
All alone down here waiting for someone to save you
You've pushed me too far and now you can't see
That I'm drowning
Kicking and screaming

And now you want it from me
You think it's just that easy
For me to throw out your lifeline so you can be free

I'm not angry
I'm just saying
It's not right, not for you and for me
I'm just waiting to escape this
Then you drag me back down
Into the place where you came from
No one else to lean on
And you can't blame the ones you walk on
When they turn their back and leave you so
Alone

I'm not angry
I'm just saying
It's not right, not for you and for me
I'm just waiting to escape this
Then you drag me back down in the deep

Into the deep
Into the deep
