Well Since We met I've been crazy  
Swear I never fall this bad  
Since we met I've been crazy  
Take our time and make it last

But if this is wrong  
Then whys it feel so right  
Tell me tell me

I am addicted, addicted  
I am addicted to you  
I am addicted addicted  
I can't get you out my mind  
I am addicted addicted  
I am addicted to you  
I am addicted addicted  
Cause they say it's crazy, baby you know  
I am addicted to you

Yeah yeah

And I could take medication  
But it all comes back to you  
Yeh I could take medication  
But I am still not over you

But if this is wrong  
Then whys it feel so right  
Tell me tell me

I am addicted, addicted  
I am addicted to you  
I am addicted addicted  
I can't get you out my mind  
I am addicted addicted  
I am addicted to you  
I am addicted addicted  
Cause they say it's crazy, baby you know  
I am addicted to you

I am addicted

An even though I am a little bit crazy  
An you know nothings ever gonna change me  
And even though I am a little bit crazy  
Baby I'd do anything for you

And even though your a little bit crazy  
And I know nothings ever gonna change you  
And even though your a little bit crazy  
Baby I'd do anything for you

I am addicted, addicted  
I am addicted to you  
I am addicted addicted  
I can't get you out my mind

I am addicted, addicted  
I am addicted to you  
I am addicted addicted  
I can't get you out my mind  
Cause they say it's crazy, baby you know  
I am addicted to you  
Yeah yeah

I am addicted to you 2x
