Can't see you
But I feel you
I know your watching me
Can't touch you
To far away
I see you
In my dreams
And when I wake it's over
Can't call you
To much to say

But if anybody asks
I'll tell them that I am okay
Yeh if anybody cares
I'll tell them that I am okay

But I am falling tired of talking
But maybe you ll come and save me
I am broken lost
And so gone, so gone
And when everything that I trust
Is wrong
I believe in you

I don't belong
I am torn apart
I can't fix this broken heart
Been picked up
Been pushed down
Watched my world fall down

But if anybody asks
I'll tell them that I am okay
Yeh if anybody cares
I'll tell them that I am okay

But I am falling tired of talking
But maybe you ll come and save me
I am broken lost
And so gone, so gone
And when everything that I trust

Is wrong
I believe in you

Alone with you
I am who I want to be
There's so much more to us
Then what they see
They'll never know
How much you mean to me
But tonight your all I need
Yeah tonight your all I need

But I am falling tired of talking
But maybe you'll come and save me
I am broken lost
And so gone, so gone
And when everything that I trust
Is wrong
I believe in you
