Do, do I... no
You is so...
If were all up to em I would say
Don't... with face
To stay

You, did you embrace
You did through embrace

... ask you in pain all the time
In the old...

Pacing pacing in you your... to cause
Uhh in your own breast,
Uh in your own breast
Mhmm mhmm mhmm mhmm

Take on yourself
It's the only out we
Trumble steppers
In your own breast

Uhh, in your own breast
Uhh, in your own breast on me
