Sister don't mind that I'm not on time
She knows that I'm through with that
Sick of trying, don't let mind
Mama still love and daddy still love
They know that I'm here like that
Unlike mine: true and kind

Call me outside and I will now be
And I will be fine with that
You don't leave me now, do you love me back
Distance is fine and all you can carry
Nothing is big like that
You don't see me now, I don't see you back

One day I'll be fine with that [x3]
You don't leave me now
Do you love me back?

Just to remind you I'm a mistake
How come you don't want to know?
You don't wanna see, you don't wanna show
Kicking myself, I know that you're tough
Yeah we can pretend we're that
Gotta see how we can't be that

One day I'll be fine with that [x3]
You don't leave me now
Do you love me back?

Snow is outside but I'm by your fire
I feel all the love you bring
Gotta see how we can see this out
Summer in mind and spring by our side
We'll see all the love we'll keep
Gotta see that we can't be that

One day I'll be fine with that [x3]
You don't leave me now
Do you love me back?

You don't leave me now

Do you love me back?

You don't leave me now
Do you love me back?

You don't leave me now
Do you love me back?
