Trying hard to breathe
Hid between my knees
Take my hand and squeeze
Say I'm alright
Whisper in my ear
Happy you are here
Everything seems clear
We're alright
We're alright

Tell me not to trip or to lose sight
You are walking in my dotted line
Take my hand and help me not to shake
Say I'm alright
I'm alright
Say I'm alright
I'm alright

It's okay to feel
Everything is real
Nothing left to steal
Cause we're alright
We're alright

Tell me not to trip or to lose sight
You are walking in my dotted line
Take my hand and help me not to shake

Say I'm alright
I'm alright
Say I'm alright
I'm alright
Say I'm alright
I'm alright
