The daily struggle is not hard to find
Lost in the loneliness among the blind

Nothing you can say will change
Where I am and where I need to be
This time I will let fate decide
These decisions for themselves

This is your final step
For what we have
It's all that's left
This is our final step
For what we had
Hold your breath

Among the hatred and shattered souls
Theres nothing more as days unfold
With no integrity
No one to blame
Your existence is all but shame

Never did I think I would see
This is what I have and what is meant for me

This is your final step
For what we have
It's all that's left
This is our final step
For what we had
Hold your breath

I
Am
The son of the ghost of a man
That I once knew
I
Will
Struggle upon these paths but im not alone
Im not
Alone

This is your final step

For what we have
It's all that's left
This is our final step
For what we had
Hold your breath

Keep your head high
Time will go by
