I'm in my ride at the corner by the light  
'Bout to pull up in front of your door  
So make sure that your body's lookin' right  
Let me know what I came out here for

You could be wifey material  
Baby, I'm not mad at you  
Girl, you get me high, yeah

See, I've been jonesin'  
Got a crush on you  
Not tryna put a rush on you  
We can let it ride

We can take it slow, slow  
Anything you want  
Whatever's on your mind tonight  
Baby girl, come on, come on  
Where you wanna go?  
We can take a ride tonight

Anything you want, one  
Let me put you on  
Gotta make you mine tonight  
We can take it slow, slow  
Or anything you want  
Whatever's on your mind tonight

Listen  
So think about it, yeah  
If you like how I move  
Tell me what I should do  
To get you in the mood

And how you like it baby?  
From the front to the back  
Can't argue with that  
Girl, anything

Oh, I want you to bring it to me tonight, babe  
I don't think you heard me  
I, I want you to bring it to me tonight, babe

Baby girl, we can

We can take it slow, slow  
Anything you want  
Whatever's on your mind tonight  
Baby girl, come on, come on  
Where you wanna go?  
We can take a ride tonight

Anything you want, one  
Let me put you on  
Gotta make you mine tonight  
We can take it slow, slow  
Or anything you want  
Whatever's on your mind tonight

Tell me, I want to work that body  
Till you wanna stop me  
All night  
And I guarantee that you'll be satisfied, baby

Let me do freaky things to you  
Just don't be scared of me, babe  
You can have anything you want  
'Cause it's your world

We can take it slow, slow  
Anything you want  
Whatever's on your mind tonight  
Baby girl, come on, come on  
Where you wanna go?  
We can take a ride tonight

Anything you want, one  
Let me put you on  
Gotta make you mine tonight  
We can take it slow, slow  
Or anything you want  
Whatever's on your mind tonight

We can take it slow, slow  
Anything you want  
Whatever's on your mind tonight  
Baby girl, come on, come on  
Where you wanna go?  
We can take a ride tonight

Anything you want, one  
Let me put you on  
Gotta make you mine tonight  
We can take it slow, slow

Or anything you want  
Whatever's on your mind tonight
