Verse One:

They ask me the reason I
Don't hang out late at night
Why I'm MIA and Everyday
They can't find me
Well I got a secret yeah
And I'm gonna keep it yeah
Keep minding your business
Don't worry I got this so quietly

Hook:

My best kept secret
They will never know it
We got our on thang
Just look at my face
I'm smiling
Somewhere enjoying my life
Hiding away cause I
dig the excitement wanted to try it
Now i live inside it
Youâ€™ve got me crazy
Iâ€™m ducking and dodging baby
But I wonâ€™t be called a fool
Cause they will never know about
Me and you

Bridge:

We know what weâ€™re going through
They will never understand me and you
Weâ€™re daring the World living like this
Weâ€™ll watch each otherâ€™s back as we kiss

Verse Two:

They know somethingâ€™s going on
May not be able to hide for very long
But on the hush gives me a rush
I hope they never find out about us

Hook:

My best kept secret
They will never know it
We got our on thang

Just look at my face
I'm smiling, (smiling)
Somewhere enjoying my life
Hiding away cause I
Dig the excitement
Wanted to try it
Now i live inside it
Youâ€™ve got me crazy
Iâ€™m ducking and dodging baby
But I wonâ€™t be called a fool
Cause they will never know about
Me and you

Phone call:
Hello,
Wassup baby
You want me to meet you?
Okay, where?
Alright, Iâ€™ll be there
(Muah) itâ€™s so nice to see you baby
Wait, someoneâ€™s coming
Iâ€™ll see you tonight at Nine, in the Dugout

Bridge:
We know what weâ€™re going through
They will never understand me and you
Weâ€™re daring the World living like this
Weâ€™ll watch each otherâ€™s back as we kiss!

My best kept, best kept secret! (repeat xâ€™s 3)
