Oh, oh
Hey, hey

I quite like the way you smile
I quite like the way you say my name
Somewhat of a fascination
How you swirl a conversation
When we're apart
I think about you all the time
Tell me quick
Are you thinking about me?

You don't know much I care, do you?
You don't realize that this song is about you

So come play a song for me on
Your beautiful guitar
Got everyone fallin' in love
Standin' there and lookin' special
But if I saw you in the pouring rain
The illusion wouldn't be the same
I think you should know
You'd still be strangely beautiful, huh, huh
Strangely beautiful, huh, huh, oh, oh

I quite like the way you laugh
I quite like the way you play guitar
A subject of admiration
Messing with my concentration
You're like a song
That I sing on and on and on
Tell me quick
Are you singing about me?

You don't know much I care, do you?
You don't realize that this song is about you

So come play a song for me on
Your beautiful guitar
Got everyone fallin' in love
Standin' there and lookin' special
But if I saw you in the pouring rain
The illusion wouldn't be the same
I think you should know
You'd still be strangely beautiful

When the music stops
And the crowds go home
You take your rockstar self apart
I want you to know
You'll still be (you'll still be)
In my heart (in my heart)
Oh oh

You're strangely beautiful, huh, huh
Strangely beautiful, huh, huh, oh, oh
You're strangely beautiful, huh, huh
Strangely beautiful, huh, huh, oh, oh
You're strangely beautiful
