You treat this like a game
But it's my heart and it's breaking
All because of you
The hourglass is running out
And you're still trying to fill it up
But I've lost hope
You should too

But this situation we're repeating
Overrated is what you made it
I'm all done
And now I'm all out of time

What can I say?
What can I say?
When all you do is
Push me away
What will I say to you?
When it all comes down to it
Seems like with every word we say
We're slowly fading away

You acted like you cared
But you don't, stop pretending
'Cause you're hurting me
My first impressions disappear
Your tongue-tied words so insincere
You always do
As you please

And this situation we're repeating
Overrated is what you made it
I'm all done
And now I'm all out of time

What can I say?
What can I say?
When all you do is
Push me away
What will I say to you?
When it all comes down to it
Seems like with every word we say
We're slowly fading away

I can't talk to you

You never see my point of view, no
Like I want you to
Feels like I always go unheard
Because your actions speak louder than my words
That's why I always come back to...

What can I say?
What can I say?
When all you do is
Push me away
What will I say to you?
When it all comes down to it
Seems like with every word we say
We're slowly fading away (what can I say?)
I'm fading away (what can I say?)
I'm fading away, away, oh
'Cause it's my heart and it's breaking
All because of you
What can I say?
