Lyrics:

Chorus:

Tonight we're getting fucked up, fucked up  
Fucked up  
Oh yeah we're getting fucked up, no matter what  
Fucked up  
I'll be drinking with my friends  
Smoke some shit like it's the end  
Invite over some girls  
Oh yeah we're getting fucked up  
I'll be drinking with my friends  
Smoke some shit like it's the end  
Invite over some girls  
Oh yeah we're getting fucked up

Verse:

Round & round my head goes round now,  
Turning, spinning, upside-down  
Now I'm going up  
The world is down  
No matter what now, no matter what...

Chorus:

Tonight we're getting fucked up, fucked up  
Fucked up  
Oh yeah we're getting fucked up, no matter what  
Fucked up  
I'll be drinking with my friends  
Smoke some shit like it's the end  
Invite over some girls  
Oh yeah we're getting fucked up  
I'll be drinking with my friends  
Smoke some shit like it's the end  
Invite over some girls  
Oh yeah we're getting fucked up

(So, are we getting fucked up or what?)

Verse:

Round & round my head goes round now,  
Turning, spinning, upside-down  
Now I'm going up  
The world is down  
No matter what now, no matter what...

Chorus:

Tonight we're getting fucked up, fucked up  
Fucked up  
Oh yeah we're getting fucked up, no matter what  
Fucked up  
I'll be drinking with my friends  
Smoke some shit like it's the end  
Invite over some girls  
Oh yeah we're getting fucked up  
I'll be drinking with my friends  
Smoke some shit like it's the end  
Invite over some girls  
Oh yeah we're getting fucked up
