Verse 1:

I saw you tonight at the party
You've got moves and you've got style
Baby you we're looking straight at me
And my heart stopped beating for a while
I know you wanna drive me crazy
Cause that's what I did to you
When you caught me cheating on you baby
With the girl that you cheated on me too
She's hot, she's crazy, she's sexy
Looking at me right now
I know you want both of us baby
So tonight let's do the trio
Girl can't you see
That her eyes are full of sin
So the both of you come with me
Let's make a happy ending

Pre-Chorus:

I don't trust myself with you
Don't trust myself with you
I don't trust myself with you
Don't trust myself with you

Chorus:

Babe she sends us love signals (love, love)
By the way she's looks at us when we dance (yeah,
yeah)
Oh girls the way you swish those hips (oh, oh)
It's the reality from my dreams (yeah, yeah)

Babe she sends us love signals (love, love)
By the way she's looks at us when we dance (yeah,
yeah)
Oh girls the way you swish those hips (oh, oh)
It's the reality from my dreams
Girls strike me with your love
Girls strike me with your love

Verse 2:

Girls your lips drive me insane
Bringing pleasure to my brain
And now all what I have to say
Girls take your clothes of let's do it threeway
Baby if we could make
This night last forever
Oh how I wanna live this day
Again and again
Come on girls let's dance
Let's dance and surrender
To the music
Music of our end

Pre-Chorus:

I don't trust myself with you
Don't trust myself with you
I don't trust myself with you
Don't trust myself with you

Chorus:

Babe she sends us love signals (love, love)
By the way she's looks at us when we dance (yeah,
yeah)
Oh girls the way you swish those hips (oh, oh)
It's the reality from my dreams (yeah, yeah)

Babe she sends us love signals (love, love)
By the way she's looks at us when we dance (yeah,
yeah)
Oh girls the way you swish those hips (oh, oh)
It's the reality from my dreams
Girls strike me with your love

Break:

Come on girls move your bumps
Close to me
Pussycats shake that ass
Just for me
So come on girls move your bumps
Close to me
Let's bust to a place
To do it in three
Where you girls will
Take off your thongs of
Those apple bottoms
Just for me, just for me.

Chorus:

Babe she sends us love signals (love, love)
By the way she's looks at us when we dance (yeah,
yeah)
Oh girls the way you swish those hips (oh, oh)
It's the reality from my dreams (yeah, yeah)

Babe she sends us love signals (love, love)
By the way she's looks at us when we dance (yeah,
yeah)
Oh girls the way you swish those hips (oh, oh)
It's the reality from my dreams
Girls strike me with your love
