[Intro]

Time to hit the Dance floor,
Forget it all, Just let it go
We party rock, we dance a lot
So DJ let the bass drop..

(Yeah So)
Let's hit the Party,
Let's hit the Club
And Party Like We Can't Stop

[Chorus x2]

Let's dance tonight, Let's Rock the show
Forget your sorrow, Just let it go
Show me moves, Show me what you got
Party Like We can't Stop

||SHIKE||

[Verse I]

As I enter the Club Tonight
In the spotlight, that girl caught my sight
She's sexy and hot
36-24-36 From the Bottom to the Top
I can see her checking me out
The way she's looking, she wants me now (yeah)
You melted me down
My head's spinning round around and round
Girl I can make you feel so good
OH!! wait now I think I should
Why don't you come and dance with me
Shake that booty baby grind in it
Taking her to the corner (ah ...)
This tequila's got her trippin
It's not yet midnight
But I'm feeling so good tonight

[Chorus x2]

|| SHIKE ||

[Verse II]

In this club girl your my sunshine
I'm all Yours and you can be mine

Forever now,
Wana work that body girl over n over
Your place or my place both is fine
Girl where you wana go, its just a matter or a time
Cuz I know you like it, the way i do it
Lay you down and you can't deny it
Move our body to the floor
Just take all of your clothes
Close the door I know your shy
But come on i want some more
Give me a chance and I'll give everything I got
Cuz girl you know (girl you know)
We party like we can't stop

[Chorus x2]

|| Mistah`Xtha ||
Party people OH !! (OH!!)
Drink a little more (more)
We wana loose control
Get on the floor and rock and roll
Grab a bottle now (now)
Jump and let it bounce (bounce)
We poppin in the crowd
So DJ play it loud.....
Everybody Hey (Hey)
We love to spend our money
The party's burning flame
Now its time for the real game
Gotta hit it to the beat, Gotta make it to the shot
Everybody's making love, everywhere there's Hot
Chick rolling in the club with their booties in the pot
We're all screaming like crazy, "We want more don't stop"
We really outta mind and the party is a blast
We running out of time with the morning coming fast
We chilling, getting wild and the song is gonna last
Forever we will sing it, in the future of the past

[Chorus x2]
