(fly so high)
(who would need, who would need to fly so high)
(who would need, who would need to fly so high)

someday I'll find my way to your window
someday I'll find my way to the scy

should I get lost on my way, I know
that's where I should be
that's where I should be

someday I'll find my way to the scy
(fly so high)
seems so dark outside I don't know where to go

should I get lost on my way, I know
that's where I should be
that's where I should be

and should I never come home
remember me
remember me

(who would need, who would need to fly so high)
(fly so high)
