### Verse 1:

First of all let me introduce myself  
I'm that guy who said fuck yourself  
I don't need your pity, i'm about to get mine  
If i don't succeed i'ma get a nine  
I've been in this game for too much time  
But for what i did i never got a dime  
It's time to get down to motherfuckin' business  
Fools from the streets will ask "what is this?"  
It's your homie ShortyG and BlackSound  
Gathered on this track we make it sound loud  
Grab a pen, a paper...write the shit down  
You ain't shit but a silly ass clown  
Now i hope that u learned your lesson  
Or you just wanna pass your class guessin'?  
I don't give a fuck i'll just do my thang  
You just stay the hell away from my gang

### Chorus 2x:

I'm coming up, let me show you what i know  
People ask for me everywhere i go  
With this beat you must feel so high  
If y'all with me throw your hands in the sky

### Verse 2:

This is take 2 you don't know what i've been through  
You think you do...but you ain't got a clue  
You act so smart, but you don't have a heart  
I did what i'm doin' right from the start  
I've seen a lot of shit with these 2 eyes  
When i look around me all i see is lies  
Can't you realize the mistakes you make?  
People like you are so fuckin' fake  
I gotta be aware at every step i take  
Don't fall asleep man, you gotta stay awake  
Do something with yourself, don't just wait  
You gotta do it now, or it might be late  
Have you ever thought that this is fate ?  
If you're in this game...you have to play it straight  
I am so sick of fakers like you  
I know what to do if i wanna stay true

Chorus 2x:

I'm coming up, let me show you what i know  
People ask for me everywhere i go  
With this beat you must feel so high  
If y'all with me throw your hands in the sky
