[Spoken:]

Too bad

Yeah!

What I said

It never came off like that

It was just one thing

I couldn't regret to say

So what's the point anyways?

I was so into you

You got so out of me

So, baby

Tell me why

[Chorus:]

Because, We used to be so happy together

Now it's no more on forever

What has went so very wrong

With a love that has felt so very strong

It was like it should have been

Oh

Ooh, Ooh Baby

Now it's Oh-So Crazy

It's crazy, baby

No more of us

Only you and her

(It went so crazy)

These good old things

For all the bad old times

Will never come in my life

Remindable

I can't beleave

That buttercup

Over angel

Angels are sent from above

Buttercups are just like sweetness

Not Too Much

It's not good for ya

[Repeat chours:]

[Bridge:]

You can get away from her
Forever once be in my arms
Not too much pain to leave her
I'm sent from above
She's like a dying killing pill sweetness
Of kind
But really, Evilness will be so LIKE!

[Repeat chours x2:]

It's sad
(Oh, Sad)
It's Crazy
(Oh, Crazy)
Baby, Baby
Yeah-eah-eah, Yeah-eh, Heh, Oh, Yeah
Yeah...
Yeah...
Yeah...
Yeah...
Yeah...
Yeah...
Yeah...
Yeah...
Yeah...
Yeah...
Yeah...
Yeah...
