Hunger! In my mind! Causing me! To Kill!  
Violence! In my thoughts! Making me! Hunt them  
Down!  
Poison! In my veins! In my brain! I'm insane!  
Flesh! What I crave! My desire! ZOMBIE ATTACK!

The whole damn army can't stop what I've become  
The goddamn government should die for what they've  
done  
Condemning human kind to an existence full of pain  
Corps's coming alive! I smell the blood! ZOMBIE  
ATTACK!

I killed your family! I ate their heads  
I split their skulls in two! And ate their brains  
Writhing in their blood! It's your turn next  
The dead rise from their graves!

ZOMBIE ATTACK!
