I ain't buyin you chocolates  
I aint buyin you roses  
I picked up on my photography  
Chargin em by the poses  
But you want that/  
Your just another model  
Like a water bottle  
Down the shit  
Recycle trash you treasure is my motto  
Now you can sing, cuz I charge studio time  
No you aint change  
Want freebies, I'm on my grind  
And I used to think  
That we could chill in this rain  
But it's useless mane  
Because it clogs up your brain  
With emotions stains  
Rusted Trust your pain  
And look here's the thing  
I don't give a dang  
Just sleet and ice  
This music life  
Good girl for somebody else  
You can't be my wife

Your my love thang, my babe  
Sat through hell, pourin rain  
Did you wrong, feel your pain  
Snow or rainin, just sang

Love thang, Love thang, Love thang thang  
Was my boo thang, true thang, thug thaaang

Love thang, Love thang, Love thang thang  
Did you wrong please forgive me, it's just rain

It's just rain  
Hell snow sleet in the rap game  
My first wife, does me right  
Love at first sight  
You just hellish jealous  
Cuz you get mustard she get the relish

The sweet moments, intimate times when I shine  
But with you  
I aint got time for silly ass games  
You naggin and talkin shit  
With your lies you so lame  
Tryin hard to chain me  
Make me buy you chocolates, pretty flowers  
Then you shame me  
Fuck you bitch , pay me  
Don't call my number messenger or even aim me  
Say your ex would do you right  
The things he did that aint me  
Swag like the 80's music so crack  
Grind hustle in the tac and to you aint goin back  
Did you greasy yeah with this music I'm gettin sleezy  
An affair, sad i hurt you girl it aint esay  
And I wish I wore a coat the day the rain poured  
The wicked witch wet, and now we aint no more. Sing!

Your my love thang, my babe  
Sat through hell, pourin rain  
Did you wrong, feel your pain  
Snow or rainin, just sang

Love thang, Love thang, Love thang thang  
Was my boo thang, true thang, thug thaaang

Love thang, Love thang, Love thang thang  
Did you wrong please forgive me, it's just rain
