One touch got you in my veins
like one hit that's making my body shake.
one night and I can't get you close enough to me.

X-rated triple ecstasy
I can't hide it the animal in me
Don't fight it.
Oh oh oh oh oh oh

Tonight we're having sex on the dance floor.

So hot in your skin tight jeans
push down while you're grinding up on me
get raw and dirty like a pornographic scene

x rated voyeuristic freaks
I can't hide it, I don't care who sees
don't fight it
ohohohohohohoh

Tonight we're having sex on the dance floor.

I'm gonna get you naked cause it's x-rated
it's not complicated, it's just x-rated in here.

Tonight we're having sex on the dance floor.
