We all have those things, we need to hear
The fowards that reassure us,
That everything's okay

Look away, the moon will watch the sky
When the sun needs to sleep on the other side
Be the one, to hold my head up high

Tell me you'll stay,
Say you won't go,
Tell me that I'll never be alone
Give me every reason in the world,
To always believe in your words
Tell me you'll stay

If we can turn the sand into stones,
Inside the hourglass
Then we can stop the time, and no longer
Watch the hours pass
And I will be the one,
Who dreams of words you've said,
And you will be the one
Who sleeps inside my head
And I will hope, that you will be
The one to always remind me,
That these nights were not spent wasting,
All my time

Tell me you'll stay,
Say you won't go,
Tell me that I'll never be alone
Give me every reason in the world,
To always believe in your words

Tell me you'll stay,
Say you won't go,
Tell me that I'll never be alone
Give me every reason in the world,
To always believe in your words x2

(Tell me you'll stay...
Say you won't go, tell me that I'll never be alone,

Give me every reason in the world,
To always believe in your words,
Tell me you'll staaayy)
