Her vanished in her eyes made me scream,
Sometimes i'd like to go to the street of heaven
and everytime i see the space on my floor
i feel strange, it's something real in my hearth

uhm huuu uhm huu

On weakest times, i lost my mind on liars

-

the sunshine goes... the stars are off, in my hand

-

She saw my little darling, little darling

is cryin'

--

And i feel so very strange... very strange x4

And i feel so very strange... very strange oh no!

And i feel so very strange... very strange oh no!

insane my mind is jumping around at home with three
horses
