I won't deny, I faked it
Don't wanna lie, I'm jaded
I wanna scream when inside I'm breaking down
I've left the stone I was under
I'm running home, you won't find her
She walks alone all through this broken town

[Chorus]

Goin' the wrong way down a one way street
Where the feeling is criminal
Nobody helps me out when I bleed
Just a look, look, looking for someone like me
Where the feeling is mutual
Can anybody see what I see
Cause I don't see me

I blow away the ashes
I clear his face to look at it
He stole my name while I waited lost and found
I found a place where I'll keep you
Cause I won't live through you or beneath you
I walk this way where these winds won't bring me down

[Chorus]

Goin' the wrong way down a one way street
Where the feeling is criminal
Nobody helps me out when I bleed
Just a look, look, looking for someone like me
Where the feeling is mutual
Can anybody see what I see
Cause I don't see me don't

Let me be
Save it all
Don't waste it on me
Cause if I take a chance
And if I hurt again
And if I let you in
Be my reckoning
Ooo, hey!

[Chorus]

Goin' the wrong way down a one way street

Where the feeling is criminal
Nobody helps me out when I bleed
Just a look, look, looking for someone like me
Where the feeling is mutual
Can anybody see what I see
Cause I don't see me
