Dark clouds moving in,  
just one fall of rain  
could wash away,  
wash away the pain.

Just one ray of sun,  
to warm my skin,  
and rid me from the  
cold your drowning in.

I could say that I don't care,  
but the truth is i'd follow you anywhere.  
I've been waiting such a long, long time,  
don't you dare change your mind.

It seems so close to me,  
but still beyond my reach.  
Calling me,  
and playing hide and seek.

Look behind that door,  
I'm the one you've been searching for,  
and i'm not a little girl anymore.

I could say that I don't care,  
but the thruth is I'd follow you anywhere.  
I've been waitind such a long, long time,  
dont you dare change your mind.

Don't wonder round  
Looking for someone to replace me  
Don't wonder round  
Waisting the rest of your life  
Don't wonder round  
Waiting for someone else to save you  
And don't you make the same mistake twice

I could say that I don't care,  
but the thruth is I'd follow you anywhere.  
I've been waiting such a long, long time,  
don't you dare change your mind.

I could say that I dont care,  
but the thruth is I'd follow you anywhere.  
I've been waiting such a long, long time,  
dont you dare change your mind

mmmmmm  
Dont change your mind.

Dont change you mind.
