All I need, all I know
Beg you please, no I won't let go
Moving on, it's not the same
All messed up and it's that I blame
Oh I came that way, oh I came that way
Oh I came that way, oh I came that way

People talking like they don't even know where they're
walking
Hurricane girl
About to explode
Pieces missing, like they don't even know how to listen
Hurricane girl, hurricane girl
About to explode

Show me love, show you love
It's like a trick, we have to rise above
Let me face you in the eyes
Let you know that when I did, I die
Oh we came that way, oh we came that way
Oh we came that way, oh we came that way

People talking like they don't even know where they're
walking

Hurricane girl
About to explode
Pieces missing, like they don't even know how to listen
Hurricane girl (Hurricane girl)
About to explode

All I need, all I know
Beg you please, no I won't let go
Moving on, it's not the same
All messed up and it's that I blame

People talking like they don't even know where they're
walking
Hurricane girl
About to explode
Pieces missing, like they don't even know how to listen
Hurricane girl, hurricane girl

About to explode
