I won't let myself get tangled  
I won't go through this again  
I won't rise if you don't take a seat  
I won't let you take me in  
Then I fell, Oh, I fell  
It begins, it begins, it begins, it begins

I don't go where I don't want to  
I won't speak if you don't hear you  
I won't say what I would not say  
I can't heal if I won't feel  
But then I fell, Oh, I fell  
It was real, it was real, it was real

Then I fell  
With you I could not stand  
Oh, I slipped on my the tips of your own hands  
I will be what you need  
I will stand by your side  
I can feel what you feel  
I will cry when you cry  
It'll be me you're thinking of  
For your hands I will be gloves  
And I will fall, in love

I won't hug you when I see you  
Can't kiss you if you ask  
Won't tell you all my secrets  
Like this will really last  
But look I fell, Oh, I fell  
Will it pass, will it pass, will it pass

I'll follow you direction  
I'll never let this go  
I will be your shadow  
I'll go where you will go  
And look I fell, Oh, I fell, I fell

Then I fell  
With you I could not stand  
Oh, I slipped on my the tips of your own hands

I will be what you need  
I will stand by your side  
I can feel what you feel  
I will cry when you cry  
It'll be me you're thinking of  
For your hands I will be gloves  
And I will fall, in love

Falling in love  
I'm in love, I'm in love

I will be what you need  
I will stand by your side  
I can feel what you feel  
I will cry when you cry  
It'll be me you're thinking of  
For your hands I will be gloves  
And I will fall, in love

In love, In love  
In love, In love  
In love, In love  
In love, In love  
In love, In love  
In love, In love  
In love, In love
