Chase that dream
down the Highway
Don't care when
Its going my way

Sky on top
Rain behind me
And thers no looken back

My heart racen by the minites
Days get lost an then your in it

Hold my hand
Lets just chill abit
see what lies ahead

You are the mirror i see myself in
Never thought i'd find so much with him

Chorus:

We thought we'd be somwere else
We stared a long time ago
We thought we'd be anywere (Oh Oh)
Don't think that its over
I know that world belongs to us
And it's just the beginning

You are the mirror i see myself in
Never thought i'd find so much with him

We thought we'd be somwere else
We stared a long time ago
We thought we'd be anywere

We thought we'd be somwere else
We stared a long time ago
We thought we'd be anywere (Oh Oh)
Don't think that its over
I know that world belongs to us
And it's just the beginning

Oh ya ya
