Chase that dream
Down the highway
Don't care when
It's going my way
The sky on top
Rain behind me
there's no lookin back

I want you to need me
Like I need you
never thought I'd find
something so pure

[chorus]

We thought we'd be somewhere else
We started a long time ago
We thought we'd be anywhere else
Don't think that its over
I know that the world belongs to us
And its just the beginning

My heart raced
A mile a minute
Days get lost
And then you're in it
Hold my hand
Lets jump in it
See what lyes ahead

You are the mirror
I see myself in
never thought I'd find
so much within

[chorus]

We thought we'd be somewhere else
We started a long time ago
We thought we'd be anywhere else
Don't think that its over

I know that the world belongs to us
And its just the beginning

You are the mirror
I see myself in
never thought I'd
find so much within

We thought we'd be somewhere else
We started a long time ago
We thought we'd be anywhere else

We thought we'd be somewhere else
We started a long time ago
We thought we'd be anywhere else
And Don't think that its over
I know that the world belongs to us
And its just the beginning
