I seen you falling in and out of things
Your heart eats up, your heart gets cold
and lights up again
Whats your story?
I dont wanna flash yor glory
Then the crash, the what was that
and why'd i fall so fast.
Slow down
We've got time.
I need to know, that your all mine.
Have you got love to burn?
Kisses for days?
Don't you wanna grab onto something real,
and never let it get away?
I don't have love to burn,
time to waste.
Cause I've waited for to long for the spark to become a
flame.
And, if it comes true,
I'd only have love to burn for you.

I can live without you, happy by myself.
But you get to me
You make me feel like there is no one else.
What cha' doing,
leaving hearts in ruins.
Can't you see for us to be,
that just won't fly wit me.
Slow down,
let's get it right,
make it last,
let's start tonight.
Have you got love to burn?
Kisses for days?
Don't you wanna grab onto something real,
and never let it get away?
I don't have love to burn,
time to waste.
Cause I've waited for to long for the spark to become a
flame.
And, if it comes true,
I'd only have love to burn for you.

I see you through,
if I were sure you'd feel this way for me.
It's gotta be much more than anything we say,
for love to everlast,
I need to know it's not just touch and go.
But you are here to stay {here to stay}
Yeah that you are here to stay
