We spoke
But underneath our words
We said more

Eyes met
But we did not just look
We explored

I'm fallin'
(you got me fallin' baby)
So slowly
(don't want this ever ending)
I'm floating on you
(I'm over flowin', on you)
And everything's shiny, and sparkly, and new
(my heart is singin' and, everything's tinglin' and, now
all is spinnin')

Never knew a kiss could feel like this
This is my first in love
On my lips and through my finger tips
All through my heart

Never before touched by tenderness
This is my first in love
I've been down this street
With kisses this way
But this is my first in love
