This isn't how it's suppose to be
Me loving you and you not loving me
Now I'm in no need of your company
So please, just let me leave, and get out of your way
There's nothing left now that we need to say
Stay away

I'm sayin' things I really wish I mean
I wish you never messed around on me

(Heh!)
But now that we're done

I swear I, swear I
Was never in love
I swear I, swear I
Was never in love
No I was never in love

I didn't meet you in the bar
I never kissed you in the dark
I wouldn't recognize your birthmark (it's true)

Oooh, been feelin' better now that we are through
I swear to God I never loved you

(Heh!)
And now that we're done

I swear I, swear I
Was never in love
I swear I, swear I
Was never in love
No I was never in love

I swear I, swear I
Was never in love
I swear I, swear I
Was never in love
No I was never in love

(Heh!)

No, oh oh
swear I didn't
No, oh oh (heh!)
Ooh, never in love
No, oh oh (never in love)
No, oh oh (never in love)
No, oh oh (never in love)
I was never in love

No, oh oh
I swear I, swear I (No, oh oh)
Was never in love (No, oh oh -- I was never in love)
I swear I, swear I (No, oh oh) (heh!)
Was never in love (No, oh oh -- I was never in love)
No I was never in love (No, oh oh)

No, oh oh
I swear I, swear I (No, oh oh)
Was never in love (No, oh oh -- I was never in love)
I swear I, swear I (No, oh oh) (heh!)
Was never in love (No, oh oh -- I was never in love)
No I was never in love (No, oh oh)

No, oh oh
I swear I, swear I (No, oh oh)
Was never in love (No, oh oh -- I was never in love)
I swear I, swear I (No, oh oh) (heh!)
Was never in love (No, oh oh -- I was never in love)
No I was never in love (No, oh oh)

Was never in love
