Nightlife got my arms real good  
Holding me the way it should  
I'm prayin' this can start real soon  
To wake beside it in the afternoon

Moonlight lighting my way  
Be gone before you thought I'd stay  
I'm bright beneath your ray of warm  
Stay beside me till the frozen morn

Angels guiding my step  
You keep my eyelids from getting wet  
I'm pleased to meet ya I could swear we've met  
I'm pleased to meet ya I could swear we've met

Strangers blocking my view  
You haven't seen what this girl can do  
I'm pleased to meet ya I can see your sweat  
I see ya shiver and my heart is set

But hold on, it isn't over here  
The sun isn't awake my dear  
We're feeling higher than a rocket ship  
I push you over when I dip my hip

Army, I wanna hit your drum  
Gimme some of that sweet just some  
You got me still with a sigh and 'hi'  
Another night I thank for getting by

Angels guiding my step  
You keep my eyelids from getting wet  
I'm pleased to meet ya but I swear we've met  
I'm pleased to meet ya but I swear we've met

Strangers blocking my view  
You haven't seen what this girl can do  
I'm pleased to meet ya I can see your sweat  
I see ya shiver and my heart is set

Come knock my door, can't take it anymore

Baby come knock my door, one thing I know for sure

Angels guiding my step

You keep my eyelids from getting wet

I'm pleased to meet ya I could swear we've met

I'm pleased to meet ya I could swear we've met

Strangers blocking my view

You haven't seen what this girl can do

I'm pleased to meet ya I can see your sweat

I see ya shiver and my heart is set

Come knock my door, can't take it anymore

Baby come knock my door, one thing I know for sure
