I, I was the apple of your eye.
I was the boss of the sauce,
'Til you said goodbye.

Yeah You, You were the cheese to my moon.
I never thought that anything could come between me
and you.

And now I know that I was wrong,
From me to you I write this song.

I cried a river of pain,
Oh cried a river of pain.
So why, no matter what i try
Why you making me cry, a river of pain?

shananana

Well,
I, I was the "bees" to your "neez."
I felt the earth move beneath my feet,
Summer days in holy jeans.

now, no i dont want you around.
I wish to God that I had my heart,
do what you did and rip yours out.

But now I know that I was wrong,
From me to you I write this song.

I cried a river of pain,
Oh cried a river of pain.
So why, no matter what i try
Why you making me cry, a river of pain?

babe, i remember when
you would just pretend
but I love you
so I let you in.
Now I'm feeling like a clown
You only messed around.

Now I'm writing on blank paper
in a major

Now I know that I was wrong,
From me to you I write this song.
No matter how or when, you hear.
I write it for my health, my dear

I cried a river of pain,
So why, no matter what i try
Why you making me cry, a river of pain?
