I've been down, to that river to pray
Trying to find revival, wash away all i say
Keeping all this bagage, to build me up today
but nothings gonna fix it, until i give it all away

Can you hear what I say
(I don't know)
until i give it all away
(I don't know)
to heal all the damage
(I don't know)
you gotta give it all away
(I don't know)
gotta make it black and white
(I don't know)
there's never room for gray
(I don't know)
until i give it all away
(I don't know)x5

Going I'm going now to kiss it all away, give it all to you
Oh now going now to kiss it all away, give it all to you
Going I'm going now to kiss it all away, give it all to you
Oh now going now to kiss it all away, give it all to you

Hold out I'll give a little piece of me cause I feel it's the
way I feel yeah
Baby I'll give a little piece away and I'll deal cause its
the way I feel yeah

Going I'm going now to kiss it all away, give it all to you
Oh now going now to kiss it all away, give it all to you
People I'm going now tearing all my sleeves up and I'm
gonna follow through
Oh now I'll shout it standing on your rooftop nothing left
for me to do

I'm going to give it all away
I'm going to give it all away

Hold out I'll give a little piece of me cause I feel it's the

way I feel yeah
Baby I'll give a little piece away and I'll deal cause its
the way I feel yeah

Oh now I'm going now to give it all away
Oh when I'm going now to give it all away
Oh now I'm going now to give it all away
