I drift away to a place  
Another kind of life  
Take away the pain  
I create my paradise

Everything I've held  
Has hit the wall  
What used to be yours  
Isn't yours at all

Falling apart, and all that I'm asking  
Is it a crime, am I overreacting

Oh, he's under my skin  
Just give me something to get rid of him  
I've got a reason now to bury this alive  
Another little white lie

So what you had didn't fit  
Among the pretty things  
Never fear, never fear  
I now know where you've been

Braids have been un-tied  
As ribbons fall away  
Leave the consequence  
But my tears you'll taste

Falling apart and all that I question  
Is this a dream or is this my lesson  
Oh, he's under my skin  
Just give me something to get rid of him  
I've got a reason now to bury this alive  
Another little white lie

I don't believe I'll be alright  
I don't believe I'll be OK  
I don't believe how you've thrown me away  
I do believe you didn't try  
I do blame you for every lie  
When I look in your eyes, I don't see mine

Oh, he's under my skin  
Just give me something to get rid of him  
I've got a reason now to bury this alive  
Another little white lie

Oh my permission to sin  
You might have started my reckoning  
I've got a reason now to bury him alive  
Another little white lie
