Walking through the airport checking in the flight
Wondering who I'm going to be sitting beside
Looking at the faces studying the lines
Maybe he's a Matthew
And he'll think I'm Caroline
He's looking away
But I kind of hope he doesn't
Something I might say might make me sorta wish he
wasn't
Sitting so close
My hearts beating like a drum, drum, drum, drum

Maybe I don't show it but deep down I'm hoping for it
Somebody's gonna find a way to steal my love
Maybe I'm ridiculous to push it all the way like this
Better be cool with it or Ssteal my love
steal my love, steal my love
steal my love, steal my love

I built up my walls three thousand feet high
Sitting in the middle with towers on either side
Built my little army forty legions strong
Ready to battle all emotion that comes alone
He's walking away and I kinda wish he wouldn't
I could keep him here but somehow I think I shouldn't
Watch him disappear
My heart beating like a drum, drum, drum, drum

Maybe I don't show it but deep down I'm hoping for it
Somebody's gonna find a way to steal my love
Maybe I'm ridiculous to push it all the way like this
Better be cool with it or steal my love

I'm safe
Safer this way
Safe I'm safe for the day
I'm late
Gotta leave
Gotta run, gotta run,
Gotta go, gotta get going
I gotta get going

I gotta get going
I gotta get going
steal my love

Maybe I don't show it but deep down I'm hoping for it
Somebody's gonna find a way to steal my love
Maybe I'm ridiculous to push it all the way like this
Better be cool with it or steal my love
steal my love, steal my love
steal my love, steal my love

Steal me away
You gotta steal my heart
You gotta steal my love
You gotta steal my love
steal my love, steal my love
steal my love, steal my love
steal my love
