I tried to change  
Tried everything  
Like headlights in the rain  
Drifting back again

Somewhere out there gathered in the dust  
Sometimes I can't remember that was us

The stars divide  
Our worlds collide  
Surrounded like the air  
You were with my everywhere

Somewhere out there lying in the dust  
Sometimes I can't remember that was us

There was a time for reason  
A place for every season  
Times I couldn't run away from you  
I can't believe it's mourning  
I can't believe it's pouring  
Should I leave you here and walk away?  
I want to change  
Try everything  
I wanted you so bad  
It nearly drove me mad

Somewhere out there gathered in the dust  
Sometimes I can't remember that was us

Better now than never  
Better late than forever  
I never meant to waste your time  
It doesn't seem to matter  
Maybe nothing every really matters  
Long enough to break it all away

Somewhere out there gathered in the dust  
Sometimes I can't remember  
Sometimes I can't remember  
I can't remember that was us
