Walking through the street tonight  
The pavement's lit and full of light  
I'm blind from sorrow  
I've settled the fight

Feeling water kiss my face  
The rain has such a warm embrace  
I feel the stitching  
Become my own lace

And if I slip and fall  
If I forget it all  
I'll still have you  
In my veins

And if it gets too strange  
When my whole world's insane  
I'll still have you  
In my veins  
I've got you flowing through my veins

Standing by a leafless tree  
I feel its roots beneath my feet  
I see tomorrow  
Right in front of me

Yeah

And if I slip and fall  
If I forget it all  
I'll still have you  
In my veins

And if it gets too strange  
When my whole world's insane  
I'll still have you, I'll have you  
In my veins  
I've got you flowing through my veins

And if it gets too strange  
When my whole world's insane

I'll still have you  
In my veins  
I've got you flowing through my veins
