You see what you wanna see
When you all look at me
You say what you wanna say
Life's always been that way for me
Never gunna change
I act how you want me to
Yet I still get shit from you
What do you have to say

They pull you in
and dictate yes from no
So wind me up
and watch me go

You Can't say who I am
You better watch what you say
I'm not gunna play your games no way
You don't know who I am
I'm gunna leave you behind
Now that you've seen me go
It's time for me to unwind

I've done all that I can do
I'm still scared that's not enough for you
I don't know if I can handle this
Is loosing myself worth this one kiss, from you?

You've pulled me in
I forget what I know
So wind me up
And watch me go

You can't change who I am
You better watch what you say
I'm not gunna play your games no way
You don't know who I am
I'm gunna leave you behind
Now that you've seen me go
It's time for me to unwind

And I've been changing
For you and you don't even notice me

So now I'll change for me and you will finally see
The real me.

I'm coming out
You've lost your grip on me
So now it's time
To be who I wanna be

You can't change who I am
You better watch what you say
I'm not gunna play your games no way
You don't know who I am
I'm gunna leave you behind
Now that you've seen me go
It's time for me to unwind

You can't change who I am
You better watch what you say
I'm not gunna play your games no way
You don't know who I am
You never wanted to know
Now that I finally unwound
It's time for me to go.
