Every day was glowing like a perfect day in summer  
You'd never know rain  
If it was always the same  
We need a bitter taste of fallin'  
How to feel it back to know when it's right  
To walk in the light

Sometimes you pull me back  
Back from the edge  
I rescue you  
Back from the dead  
We got lost along the way but we got here in the end  
I know  
He was worth waiting for  
He was worth waiting for

Even with my friends I felt like I was just pretending  
To know what it was  
Turn it into a song

Somehow we're still standing after all the shattered  
plans  
That faded away  
Now there's only today

Sometimes you pull me back  
Back from the edge  
I rescue you  
Back from the dead  
We got lost along the way but we got here in the end  
I know  
He was worth waiting for  
He was worth waiting for
