Baby, you and me were meant for higher ground  
We've got to steal away, uh

I feel the wind blow, on the corner  
and I'm looking down along this dead end street  
All the people, are getting older  
but they don't give a damn, their lifes are incomplete  
I don't look no better than it did before  
And I know what's happening behind each door

If I don't get out today, I'm gonna waste my life away  
That's a part that I can't play

I don't wanna spend my whole life in this town  
I can feel it driving me away  
Baby, you and me were meant for higher ground  
We've got to steal away

uh

As a young boy, I didn't fit in, and i knew it then  
I wouldn't be the same  
That was only in the beginning, and as the time rolled  
on deeper grew the pain  
So give me one good reason, why I should stay!  
I think I've got enough money for the late night train

There's a world you've never seen  
But I've been there in my dreams  
It's calling out to me

I don't wanna spend my whole life in this town  
I can feel it driving me away  
'cause baby, you and me were meant for higher  
ground  
We've got to steal away

If I don't get out today, I'm gonna waste my life away  
And that's a part that I can't play

I don't wanna spend my whole life in this town  
I can feel it driving me away

Baby, you and me were meant for higher ground  
We've got to steal away

I don't wanna spend my whole life in this town  
I can feel it driving me away  
Baby, you and me were meant for higher ground

I don't wanna spend my whole life in this town  
I can feel it driving me away  
Baby, you and me were meant for higher ground  
We've got to steal away

(I don't wanna spend my whole life in this town)  
Oh, got to steal away  
(baby, you and me were meant for higher ground)  
Got to steal away
