we are living a life full of circumstances that come  
through a lot of instances  
hated because i will make my own money or doz for i  
will be awake and never doze  
a dozen of them come to me we cant just be interacting  
you and me  
my conversation is what i know to inter prate and what  
suckers say i cant be able to interrelate  
love to chill with my friends with no regret and that  
shapeless woman you are boasting around with  
became yours after my reject  
always wearing the same underwear all the way  
through you saying with you effort you have made it  
through  
shapeless woman with shapeless figure and when you  
are together we can see all the features when you talk  
of counting figures  
if am not wrong she has been married over twenty  
seven times  
and you say to you she is you first love i will say to you  
first come first served for that lover of enrollment is at  
your service  
chorus  
have been doing what i need getting a life and a  
couple of Gs but  
you sucker you suck true  
you sucker you suck  
verse  
another is in a category of nine and he or she says they  
are lovers and feel fine  
while a portion of seven is made of haters you are as  
well prone to be a hater  
love to chill alone sometimes not alone loving my wife  
usually all alone  
and if we have a minor conflict which neither of us was  
meant to inflict am forced to sleep on the floor that  
night please unless we compromise you can fill the rest  
of the list  
but you you sleep on the carpet because you cannot  
risk to go to bed while your lover is with another lover  
instead of you who is he home head and you depend  
on your wife cause you are not capable of producing

never the less  
the last time your parents came to you house you were  
like the woman of the house  
because its hard to differentiate you and the woman at  
home  
we can see you washing your woman dress and that to  
a male never impress you been sent here and there  
while you kind is sited and been shouted to that you  
are not good in bed  
let me stop there and leave the rest unless anyone  
request  
chorus  
have been doing what i need getting a life and a  
couple of Gs but  
you sucker you suck true  
you sucker you suck
