Don't be a bitch all your life!
Don't be a groovie
Still I'll never know!
Refreshement!

First dip says split up
Now everyday I get up
Somebody got some say
Like what's up with you and Chuck
That's the... and what nigga
That's the new cool kids on the way
Then I tell them, just wait!
The truth is I don't know it, dwag
But that's my brother till I'm in the hall
Our first deal had a stuck in it
And if you hear, you're a fucking bitch!
I was only 18, trying to leave all my dreams
In reality, you was on some other shit!
What? The universal try to get you 2.50
At the deal and you ask for a mil.
Are you fucking sick? (dummy)
You wasn't what I spend in the boof
Doing shows before them niggas even knew who we
was
I used to wanna kill you, dwag
Cut back, let it ride when it filled it all
But in a way I gotta thank you
Cause... bigger than you can think off
My next girl say my ex-girl wanna bang
That's the ... say us, cause she say yeah
Then I say, damn and she say what, what?
You ain't the only one that's trying to taste this butt
I can't make this up
But when the days get tough
... sometimes I don't say enough
I'm gonna say a lot!

Hook: (x2)

Can she forget you, forget you, forget you, forget you
Forgot you, forgot you, forgot you, forgot you, forgot
you

You're the shit, you're the shit, you're the shit
And I'm here for you
As long as you do
But I want you too
Cause you and me!

I need 3.6 break up and everyday I wake up
Somebody got a problem with me
I tell them to take a number, I tell them to get in line
While I get up, you have something to see.
So watch me baby, from watch me the lobster baby
But the... go crazy, but my fam go crazy, nigga
And these hoes ... and got spoke to them lately
Supposing them hoes to... nigga, hate me!
I met my Jane girl walking down State Street
I was like... with that sex sweet
You're the first sight, to get in them thighs I will wait
weeks
Your love blind, but you cannot fight what you can't
see!
She was like, "I'm your type"
If you're still looking for the blue print of your life you
should chase me!
Swallow your pipe, because it taste cheap
And when I'm on your mind, baby, you can't sleep!
You know what to do, just pick the phone up and call
Even when I'm wrong you don't phone me...
You're not alone even when I'm done and you're
wrong
And you feel alone...
If it means I'll get back to shore
I don't open car doors, but what's mine is yours
We're both seen in this Porsche, trying to find the ...
And that's why sometimes ... sunshine important!

Hook: (x2)

Can she forget you, forget you, forget you, forget you
Forgot you, forgot you, forgot you, forgot you, forgot
you
You're the shit, you're the shit, you're the shit
And I'm here for you
As long as you do
But I want you too
Cause you and me!
