I shout so listen
Actions always ineffective
One last try 'fore giving up

This psycho that I met fucks me up
Why does this happen?
When I reached up for air
I felt nothing so I sank

(Someday)
I will be just fine
(Someday)
I will be just fine

(Someday)
I will be just fine
(Someday)
I will be just fine

So if it's all in my mind, why can't
(I ignore it?)
The things they say can be fixed
Are fucked up things that just exist

And you, you can't control
The things out of your hands
So well, don't even try
Nothing ever turns out right

(Someday)
I will be just fine
(Someday)
I will be just fine

(Someday)
I will be just fine
(Someday)
I will be just fine

Don't trust, I guess I learned the hard way
Don't believe anything they say to me
Don't forget what you've done to me

I don't let it get to me
