Got a lot of dreams in My head,  
Got a lot of place where I wanna be.  
Try to life fun and wild,  
Try to keep my heart by My side.

Now I lived My dreams out of My head,  
Now I'm in a place where I wanna be. (x2)

\*\* Junior- (Guitar Solo)

Even if it's a night with full of clouds,  
The stars are bright, Bright like You.

This is what I've been expecting,  
All long all the time.  
Now the time of blood perhaps in Me,  
Even My heart had dream for this.(x2)

Even if it's a nighth with fuul of clouds,  
The stars are bright, Bright like You.  
Now I lived My dreams out of My head,  
Now I'm a place where I wanna be..
