[Bukwild Da Ikwerrian]

Ya know

Sometime ago

My poppa e ma say to me

What doesn't kill you

Always makes you strong

The words of a wiseman

Well Slim Burna, you dunno

Gat me pon this joint

We calling it ghetto youths people

Bukwild da Ikwerrean, deh ya so

You dunno.. Click!!

In every corner you die

Must be born of the same person

[Slim Burna]

Men, when I heard the news about

Big I, tipsy, and chidiaka, tekkena too

I was suprised, you understand

No matter what they did

They were not supposed to burn them

I don't know what to say

But their death brought hiphop back to Port

Harcourt...word

Talking 'bout struggling

Welcome to my country

Take a walk around the city

Take a little survey

Gunshots, people killing

A lot of gun plays

Christian, muslim, fighting

A lot of bomb plays

Take a little rewind

Back to 1999

Its not the same place

Don't look front, better look behind

The government think sey we are mad

Me I speak for the dumb and the blind

Many things running through my mind

Gat me screaming out all day...

(Chorus)

From the slums to the ghetto  
My people suffering  
Lotta people dying  
Gat me screaming out all day  
All day, all day  
Gat me screaming out all day  
All day, all day  
Ye, ye
