[verse1]

I am not the only one who sees beauty in the setting
sun
ooh
Been knocked down and hurt by some, i'm all caged up
with nowhere to run
ooh
Been pushed around like a weather vain, just hangin'
on through a hurricane
ooh
Don't fall apart from too much pain, like a paper bag in
the pouring rain
ooh

[chorus]

When all you get is red lights, i can be the one to
change your luck
You need a free ride, here's a little bit of love to lift you
up and
I'll be the blue in your skies, just to show you
The world's not black and white
And love's not colour blind
Love's not colour blind

[verse2]

A heavy heart is nothing new heres a helping hand, I
can heal the bruise
ooh
I got a healthy dose of somethin' true, let it rearrange
your point of view
ooh

[chorus]

When all you get is red lights, i can be the one to
change your luck
You need a free ride, here's a little bit of love to lift you
up and
I'll be the blue in your skies, just to show you
The world's not black and white
And love's not colour blind
Love's not colour blind

[bridge]
oh oh oh, woah oh oh oh
oh oh oh, woah oh oh oh

[chorus]
When all you get is red lights, i can be the one to
change your luck
You need a free ride, here's a little bit of love to lift you
up and
I'll be the blue in your skies, just to show you
The world's not black and white
And love's not colour blind
Love's not colour blind

last part is a mix of bridge and chorus:
oh oh oh, woah oh oh oh (love's not colour blind)
repeated
