I got traffic in my mind, yeah  
Don't know which road to follow  
I got traffic in my mind, yeah  
I'm on the road flying solo

I got questions looking at me  
Answers trying to find me  
Everybody telling me what they don't know  
I got traffic in my mind, yeah  
Don't know which road to follow

I see blind men leading blind men  
And telling us how to make it  
I get better answers watching  
Some little kid trying to fake it

So tell me who am I? Why am I here?  
Where in heaven's name am I going?  
I got traffic in my mind, yeah  
Don't know which road to follow

So tell me who am I? Why am I here?  
Where in heaven's name am I going?  
I got traffic in my mind, yeah  
Don't know which road to follow  
Which road should I follow?  
Don't know which road to follow

Don't take it too easy  
Don't take it too easy, gonna take you for a ride  
Don't take it too easy, a place where nothin' hides  
Don't take it too easy, c'mon and step inside

Don't take it too easy, gonna take you for a ride  
Don't take it too easy, gonna take you for a ride  
Don't take it too easy, don't take it too easy  
Don't take it too easy, don't take it too easy
