Life is a bitch! Some like a Khanye Mbau Show
Nigga getting head right under the strip pole
So I lost my enemies. They were very close
I treated them as my friends but...they were hoes
Shit is dope. So dope than your mother
Iâm the only reason why she wearing her pyjamas
Tell her to start wearing a rubber
Coz I know shit I stay fit like Nikki Minaj in show biz
I know what you did last summer
Eat the fucken bullet. I wanna see you suffer
Life is an athlete. â€~Bout to feel a high jump
Future so bright coz the candle never bright enough
The king either my way or high way
But I stay fly I just know and see the High way
Thatâ€™s a road to feel romance around Magalies
But I hate Valentineâ€™s Day like Nia Vardalos
I think Iâm falling in love with only the coloreds
Black women always crossing the line like the runners
All of my girlfriends never match a good face
And all of my good friends are bad in a good way
Like a lipstick, underline what you say
Marrying to the rap game better catch a bokay
Me. Myself and I where all on a relay
On a track of success been going for 3 days
I am losing my patience. Shit is about to end
You held me in your arms. Now Iâm getting out of
hands
Life is getting better diamonds are forever
Real money can buy love ask a teller
I really lost my manners. Bad habit overdosed
Mirrors on the wall. Iâm looking for my soul
Fuck it! Good life smelling on my clothes
I can see my future. Eyes on a telescope
Oh well I guess that I got it
Women lie men lie gay name Yogatti
David Kau groupies. All yâ€™ all are funny
I got success in my pocket. FUTURE WALLET
I'm going in drug money, Nino
I just want it all like DakazZ. He knows
First nickname call me Sthibo
Coz I just love it when it rains. Smoke the L and blow T-
do

Future is in my hands, guess I got it hey
Never play alone. That is masturbate
I'm a rapper in a race track, breath taking
I need space like a fat bastard in a Taxi
My father is dead. Grave yard
I wish I could say that I love him but I hate dust
All I do is winning, where the fucken pay Cheque
Going in like a midget in a fucken basement
Just stay there, watch a nigga rapping
This is old me. Still going classic
I really like you girl, I don't have to mention
God please forgive me but, that is so attractive

In Mandela day, for 67 minutes
Visit the parliament and fuck 67 bitches
I went for 3 minutes, now you know I said it
